Introduction

Community Profile Board of Directors Executive and Command Staff Organizational Chart About Central County Fire Fire Stations Fire Apparatus

The Central County Fire Department (CCFD) was established through a Joint Powers Agreement (JPA) between the City of Burlingame and the Town of Hillsborough with essential support services provided by the two cities. This partnership and JPA structure promotes more efficient administration and effective delivery of services without the additional overhead of a completely independent JPA agency.

The Department is governed by a Board of Directors ("Board") consisting of two representatives from each city, representing the cities in determining the level of fire, emergency medical and disaster preparedness services to be provided by the Department. All major decisions by the Board require ratification by the respective city councils. The model, together with the joint budget provides an effective tool in maximizing the delivery of fire services, controlling costs, and maintaining local control in determining service levels.

The Central County Fire Department is an all risk emergency response and community service organization. The Department's core purpose is to make Burlingame, Hillsborough and Millbrae safe for all citizens to live and work through the protection of life, property, and the environment. It seeks to minimize risk to people, property and the environment by responding to all fire, medical, rescue, and hazardous materials incidents. Administrative and non-emergency safety services include fire prevention and hazardous materials regulations, emergency medical services system management and emergency preparedness and training. CCFD's personnel (85.95 FTEs) serve the communities with six engine companies and one truck company, strategically located in six fire stations, and administrative offices that include fire prevention, public education, training and emergency preparedness. The total service area is 14.93 square miles with a population of 61,344. The value of property protected is in excess of \$16 billion. Legal counsel, human resources, and accounting services are contracted out to further streamline costs.

The City of Burlingame, Town of Hillsborough and City of Millbrae are located in San Mateo County on the western shore of the San Francisco Bay approximately 10 miles south of the City of San Francisco and 30 miles north of San Jose.

LARGEST EMPLOYERS - COUNTY OF SAN MATEO AND PENINSULA CITIES

Source: San Francisco Business Times, 201/ Book of Lasts

City of Burlingame

The City of Burlingame is an American suburban city in San Mateo County, California. It is located on the San Francisco Peninsula and has a significant shoreline on San Francisco Bay. The city is named after Anson Burlingame, an attorney, legislator and diplomat. Burlingame was settled by wealthy San Franciscans looking for a better climate.

It is known for its high residential quality of life and is often referred to as the City of Trees. Industrial growth was spurred in the 1960s and 1970s by proximity to the San Francisco International Airport. The City of Burlingame has many beautiful hotels along the San Francisco Bay front and is a significant spot for people wishing to visit the San Francisco Bay Area.

The City of Burlingame is a California general law city incorporated in 1908 that operates under the Council/Manager form of government. A five-member City Council is elected at large to four-year terms and serves as the Board of Directors. The Council selects a mayor and vice-mayor from its members annually. The City Manager is appointed by the Council and serves as the Chief Executive Officer. The City Manager is responsible for all municipal functions. A City Attorney is appointed by the Council to serve as Chief Legal Counsel for the governing body and the administration. A City Clerk is elected to a four-year term and serves as Elections Officer and Clerk to the Council and City.

Municipal services include: police and fire protection; public works; community development; parks and recreation; library services; water, sewer, parking, solid waste and storm drainage. General government activities include finance, human resources, legal services and city administration.

Town of Hillsborough

The Town of Hillsborough is an entirely residential community located in San Mateo County, California, west of Burlingame. In 1824, a 16-year old named William Davis Merry Howard, son of a wealthy Hillsboro, New Hampshire shipping magnate, sailed on one of his father's ships from Boston around Cape Horn to the West Coast. Upon returning home, he convinced his father of the fortunes to be made in the West and returned to California some fifteen years later. And thus, the Town is named after the city Mr. Howard came from.

Hillsborough was incorporated on May 5, 1910. Hillsborough's zoning laws have varied throughout the years, but the policies behind the laws have basically stayed the same. The Town has continually worked to preserve the "nature of Hillsborough". In 1953, the Town changed its minimum lot size to one-half acre which is still in effect today. Hillsborough residents have continually worked to preserve the Town's relaxed country setting. With only a few traffic lights and streetlights, trees, flowers and shrubbery continue to typify the Town's landscape. The Town offers its residents a rural charm. In addition to its quiet atmosphere, it offers excellent, award-winning public schools, outstanding police, fire and emergency services, public work services, as well as a sense of community.

The Town is a general law city operating with a Council/Manager form of government. Policy-making and legislative authority are vested in the governing City Council which consists of a Mayor, a Vice-Mayor and three City Council members. The City Council members are elected to overlapping four-year terms, in even numbered years. The members select the Mayor and Vice-Mayor every year. The City Council is responsible, among other things, for passing ordinances, adopting the budget, appointing committee and board members and hiring the City Manager and the City Attorney. The City Manager is responsible for carrying out the policies and ordinances of the City Council, overseeing the day-to-day operations and appointing the department heads.

City of Millbrae

The City of Millbrae (the "City") was founded in 1856, incorporated in 1948 and operates as a General Law City serving a population of over 20,000. The City is located on the California Peninsula, 15 miles south of San Francisco. The boundaries of the City extend roughly from the Bayshore Freeway on the east to Skyline Boulevard on the west. This distance is approximately 1.7 miles. The distance between the north and south City limit line is approximately 2.05 miles.

Adjacent to the San Francisco International Airport and located in the heart of San Mateo County, Millbrae is gently cradled in the sun-warmed hills that separate the Pacific Ocean from the San Francisco Bay. Major freeways border both its eastern and western boundaries, making Millbrae easily accessible from all parts of the Bay Area. Many hillside homes enjoy beautiful bay views. Well-cared for middle-class neighborhoods, fourteen local parks and the Green Hills Country Club add to the charm of the residential community.

Millbrae's economic community is a vital mix of retail, shopping, restaurants, service businesses, hotels and public services. With the Bay Area Rapid Transit (BART) / San Francisco (SFO) Extension, the City has adopted the Millbrae Station Area Specific Plan in order to attract hotel, office, retail and housing development to the area around the Millbrae BART station. The Millbrae BART Station provides the only Intermodal rail connection west of the Mississippi, the first regional rail system in the Bay Area. This unique station, which is connected to and is adjacent to the San Francisco International Airport, allows BART, CalTrain and SamTrans to connect under one roof, thereby maximizing regional travel options for passengers in the Bay Area.

The City of Millbrae acknowledges the importance of and continually strives towards preserving, enhancing, and managing open spaces, trees, and wetlands. The City continues to implement sustainable programs that will improve the health of the community and environment, and will ensure future generations may live healthy, productive, and comfortable lives.

The following shows the fact sheets for the City of Burlingame, Town of Hillsborough and City of Millbrae from the 2013 American Community Survey and compared to national data.

ORGANIZATIONAL CHART

ABOUT CENTRAL COUNTY FIRE DEPARTMENT

The Central County Fire Department was established on April 20, 2004 through a Joint Powers Agreement between the City of Burlingame and the Town of Hillsborough, California, to promote more efficient administration and effective delivery of services to the partner cities. Funding is essentially provided with the partner cities' general fund tax revenues. The initial merger included stipulations whereby personnel remained employees of the individual cities and responsibility for certain major costs such as replacement of vehicles and facilities and costs related to other post-employment benefits remained with the partner cities. On June 21, 2010 the operations moved onto a full merger transferring all employees to an independent single entity. Central County Fire Department (CCFD) is now a stand-alone entity with the partner cities only responsible for facilities respectively owned by the City or Town and post-employment benefits for those retirees having retired prior to June 21, 2010.

On December 29, 2014 CCFD entered into a contract for fire services with the City of Millbrae that includes suppression, fire prevention, and administrative oversight and support. With this contract came the addition of 19 fire personnel to the CCFD ranks.

| Governance | Board of Directors consisting of two Council members each from the City of Burlingame and Town of Hillsborough with all major decisions to be ratified by the respective city councils. |

Budget Message

Fire Chief's Budget Message

FIRE CHIEF'S BUDGET MESSAGE

Date: April 12, 2017

To: Board of Directors, Central County Fire Department

From: John Kammeyer, Fire Chief

Subject: Budget Message for Fiscal Year 2017-2018

Fiscal year 2016/17 was a pivotal year for Central County Fire Department (CCFD) as we brought Worker's Compensation costs under control, hired and promoted key positions, adjusted to an unexpected loss in the Mechanics Division, responded to the inspection demands of a growing community, and continued to update our aging fleet. Above all, we held the standard of excellence in fire service that our community expects and deserves. In FY 2017/18, we will continue to set and meet these high expectations, as the direction given by our Board of Directors is clear; innovate and encourage the best service possible with fiscal responsibility. As we move into the phase of hiring firefighter/paramedics and promoting officers in response to extensive retirements over the next few years, we will carry forth the tradition of service, pride, and honor into the next generation. Summaries of what to expect in FY 2017/18 are outlined below by area of focus in CCFD.

Administration

Our goal of reducing the impact of Worker's Compensation through careful management has led to lower costs. We were informed by our carrier that we are now inline with and in some cases better than the industry average. We subsequently requested an updated actuarial for Worker's Compensation liability reserves, which revealed impressive news that our funding levels have dropped and that CCFD could possibly be fully funded by the end of FY 2016/17. That is a full three years ahead of schedule. I attribute this success to the diligence of CCFD personnel and the vigilance on this issue created by our Administration.

CCFD will continue to pay down Other Post-Employment Benefits (OPEB), as defined by our 2014 actuarial and we are forecasting for the coming PERS decreases in the discount rate. Therefore, we expect steep PERS rate increases for three years beginning in FY 2018/19.

Operations

CCFD made key promotions in FY 2016/17, including Training Division Chief and two Captains. These promotions will play a key role in our succession planning as the department sees a 40% turnover in the next five years. We have also highlighted the priority of training new personnel such that we establish a solid foundation of skills and ingrain our standards of excellence. This focus requires significant time and effort by CCFD senior personnel and officers, but will result in a new generation of CCFD that continues to uphold the level of service expected by our community.

Mechanics

A key division within CCFD, our mechanics service vehicles and apparatus for six agencies: Belmont, Central County, Colma, Foster City, San Bruno, and San Mateo. Unfortunately we suffered a devastating loss with the untimely death of lead mechanic Mark Goodman this past year. The division was able to move forward despite this set back due to the efforts of mechanic Lucas Barajas who has now taken over the position of Head Mechanic, and we have added back another mechanic. We have also implemented software that allows for better billing and inventory practices, which creates greater operational efficiencies. That software eliminated the need we indicated last year for additional administration resources.

FIRE CHIEF'S BUDGET MESSAGE

Prevention

Increased development in our communities and the recent fire code adoption by all three cities served by CCFD has placed an additional burden on the Fire Prevention Division. The scope of developments are significant as we are seeing at Burlingame Point and the Millbrae Specific Area plan. To accommodate the expanding workload, we will hire a part-time Fire Prevention Specialist in FY 2017/2018. The revenues from additional inspections will help offset the cost of this position. We will continue to monitor the workload to ensure that CCFD is effectively responding to the inspection needs of residents, developers, and businesses in our community.

Training

The Joint Training program continues to provide savings in training costs for all the six agencies involved. The relocation of the training offices to Fire Station 37 in Millbrae occurred in FY 2016/17 after an office remodel that included a state of the art classroom for our regional trainings. We have a new Division Chief of Training and an Operations Training Battalion Chief as a result of the retirement of Kevin McWhirter. This division is set for continued success with no immediate fiscal requirements.

Fleet

In FY 2016/17 CCFD began the process of replacing our fleet of fire engines. New engines that were purchased in FY 2015/16 and FY 2016/7 are now built. FY 2017/18 will see these engines placed into service. The trickle down effect means our reserve fleet will be replaced with more reliable apparatus. In FY 2017/18 we will purchase a Command Vehicle that will be utilized by CCFD Battalion Chiefs. We can expect to see the budget impact of replacing the fleet over the next four years as we continue this process.

Looking forward beyond FY 2017/18, we foresee and are preparing for increased fiscal liabilities for the next five fiscal years as the fleet is replaced and PERS cost increase, but we expect that to normalize over time as 'traditional plan' fire fighters retire and the next generation of CCFD takes hold.

As CCFD continues to renew and serve our community with outstanding services, I would like to pause and thank Kathy Leroux, Chief Administrative Officer for CCFD for her support and wisdom and our Board of Directors for their trust, commitment and vision. Your insights and direction are greatly appreciated.

Every day I am grateful to be a part of the hard-working CCFD family and am proud to be serving alongside the men and women of our department. CCFD is a leader in fire service locally and nationally and we remain committed to serving our community in a professional manner. I look forward to another successful year moving CCFD forward.

Respectfully,

John J. Kammeyer II Fire Chief

Budget Process

Budget Policies

Budget Preparation and Adoption Fund Structure and Basis of Budgeting

BUDGET POLICIES

The Central County Fire Department operates under a set of budget policies which guide the development and administration of this budget.

Balanced Budget

The Department will adopt and maintain a balanced budget in the General Fund in which

- Operating revenues must fully cover operating expenditures, including debt service.
- Total expenditures can exceed revenues in a given year to fund capital improvement plan projects, other "one-time" non-recurring expenditures if there are sufficient funds from the prior years' reserves to cover such expenditures.

Budgeting for all other governmental funds will be project specific and will be subject to available individual fund balances.

Budget Basis

The budget is adopted on a basis consistent with generally accepted accounting principles ("GAAP"). The modified accrual basis is used for budgeting. Governmental funds, such as the General Fund, utilize the modified accrual basis of accounting under which revenues and related assets are recorded when measurable and available to finance operations during the year.

Proprietary funds, such as enterprise funds and internal service funds, utilize the accrual basis of accounting, which recognizes revenues when earned and expenses when incurred.

Budget Administration and Level of Control

The Board of Directors may amend or supplement the budget at any time after its adoption by a majority vote of the members. The Chief Administrative Officer or his designee may make administrative adjustments to the budget as long as those changes will not have a significant policy impact nor affect budgeted year-end fund balances. Control of expenditures is at the fund level where all expenditures are tracked against appropriations.

The department may transfer budgeted amounts within the Fund, but interfund transfers can only be made in accordance with the adopted budget. All other transfers must be approved by the Board of Directors.

Budget Term

The Central County Fire Department follows the fiscal year of the funding entities – City of Burlingame, Town of Hillsborough and City of Millbrae, which runs from July to June. Annual budgets are prepared and adopted for each fund except the Capital Projects Fund. The Capital Projects Fund establishes budgetary control on a project-by-project basis.

User Fee Cost Recovery Levels

Whenever possible, fees, charges and other revenues should cover the full cost of those services and activities.

BUDGET PREPARATION AND ADOPTION PROCESS

The budget development is headed by the Department's Management and the Finance Director, together with the City Managers of the member agencies.

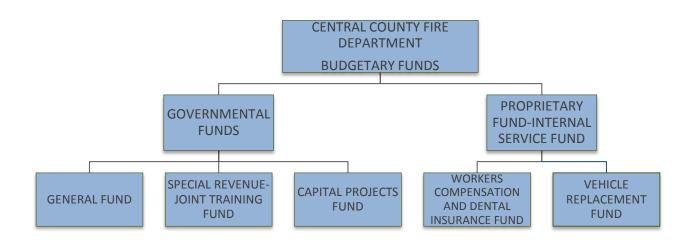

The following discusses the general approach and time schedule of the budget preparation:

| January | Department begins planning for the coming fiscal year by preparing budget requests |
|----------------|---|
| | Department submits capital improvement requests for the next fiscal year |
| February | Department submits estimates of current year expenditures and budget requests covering current and proposed programs to the Chief Administrative Officer and the Finance Director. |
| | The Finance Director prepares an analysis of expected revenues. |
| | Fire Management meets with the Chief Administrative Officer and the other City Manager to review current year department program results, priorities and budget issues mid-year for informed budget planning. |
| | Determination is made of funding available for the current budget. |
| March | Budget requests are reviewed and analyzed by the Chief Administrative Officer. Preliminary comparison of total requests with total anticipated revenue is made in consultation with the Finance Director. |
| | The Chief Administrative Officer makes preliminary expenditure adjustments to bring proposed total expenditures in line with total anticipated revenues. |
| | The Chief Administrative Officer meets with Fire Management to discuss budget requests and financing limits. |
| | The Department amends their requests and the Chief Administrative Officer prepares the final recommendation for balanced budget based on the latest available information. |
| April | The Department prepares the Proposed Budget. |
| | Public notice for fees and charges is issued. |
| | The Proposed Budget is presented to the Board of Directors at a public hearing. |
| | The Board adopts the budget and the Schedule of Fees and Charges. |
| May or June | The Adopted Budget is presented to the respective Council of the member agencies for ratification. |
| July | The Adopted Budget and the Adopted Fees and Charges take effect. |

FUND STRUCTURE AND BASIS OF BUDGETING

In accordance with generally accepted accounting principles, the Department's financial reporting system is organized on a fund basis consisting of two major types – governmental and proprietary – and when they become applicable in the future, two self-balancing account groups: general fixed assets and general long-term debt. The Department's funds are structured to segregate and identify those financial transactions and resources associated with providing specific activities or programs in conformance with special regulations, restrictions or limitations.

The basis of accounting used for purposes of financial reporting, is in accordance with generally accepted accounting principles (GAAP) and is determined based on the type of funds. The basis for each of the funds is not necessarily the same as the basis used in preparing the budget document. The Central County Fire Department uses the modified accrual basis for budgeting. This basis is the method under which revenues and other financial resources are recognized when they become both "measurable" and "available" to finance expenditures of the current period. However, whenever applicable, reconciling items are presented to convert the respective funds to the accounting basis used for financial reporting.

Budgets for major funds are individually presented while budget is aggregated for non-major funds. Funds whose revenues or expenditures constitute more than 10 percent of the budget are considered a major fund for budgeting purposes.

FUND DESCRIPTIONS

The **General Fund** is used to account for the financial resources and expenditures associated with most Department operations not accounted for and reported in another fund. Revenues collected in this fund are not restricted as to which division or purpose they may be expended. The sources of revenue for the General Fund are primarily from service charges, contributions from the two member agencies, program revenues from fees and other reimbursements for shared services.

FUND STRUCTURE AND BASIS OF BUDGETING

The **Special Revenue – Joint Training Program Fund** accounts for the operations of a joint Training and Emergency Medical Services (EMS) program that includes administrative support for six fire agencies.

The **Capital Project Fund** accounts for financial resources to be used for major projects or capital outlay. The General Fund generally provides funding to this fund.

The Internal Service Fund – Workers Compensation and Dental accounts for the activities associated with administering the workers compensation and dental insurance programs. The Department is self-insured for workers compensation claims up to \$250,000 per occurrence. Claims in excess of this amount are covered with excess coverage obtained through a JPA. The Department uses the services of a third party claims administrator whose costs are accounted for in this fund. Likewise, the Department also self-insures for the dental program.

The Internal Service Fund – Vehicle Replacement accounts for the purchase of vehicles and equipment such as vehicles, fire apparatus, and other fire equipment. The General Fund generally provides funding to this fund.

Budget Details

General Fund

Special Revenue – Joint Training Fund

Internal Service Fund – Workers Compensation & Dental

GENERAL FUND

The General Fund accounts for all resources not accounted for and reported in another fund. It includes program revenues and the contributions from the City of Burlingame, City of Millbrae and the Town of Hillsborough. In accordance with the contract for fire services with the City Of Millbrae, Millbrae is responsible for 30% of the operational budget. The remaining 70% is split between the City of Burlingame and the Town of Hillsborough based on a 60/40 cost allocation formula (60% Burlingame/40% Hillsborough).

Costs Excluded From Allocation

The following items remain excluded from the allocation and will remain the responsibility of the individual cities; they are therefore not included in the adopted budget:

- Other Post-Employment Benefits (OPEB) costs attributed to the fire personnel who retired prior to 6/21/2010 and OPEB costs for the new personnel hired from Millbrae on 12/29/2014
- Facilities (fire stations) including replacement and/or significant repairs
- Debt service costs for the pay-off of the retirement side funds

Key Assumptions

- Replacement funding for known upcoming vehicle and equipment expenditures over the next five years
- ✤ Active employees will contribute 7.5% towards medical
- Other Post-Employment Benefits (OPEB) funding at \$1,425,000
- COLA increases; Fire Administrators, 3% and Fire, 2.5%

- Addition of full-time Accounting Technician and part-time Fire Prevention Specialist
- Workers Compensation Funding of \$1,000,000 based on actuarial valuation at a 70% confidence level
- CalPERS rates:
 - o 36.125% (Safety Plan),
 - o 17.873% (Miscellaneous Plan)
 - o 13.023% (Safety PEPRA Plan),
 - o 7.121% (Miscellaneous PEPRA Plan)

less 4% being shared by employees for non-PEPRA plans.

- Health insurance premium 4% increase starting January 1, 2018
- ✤ Vehicle and Capital purchase
 - \$110,000 for Command Vehicle
 - \$54,400 for radios
 - \$108,350 for safety gear

Additional Notes

Central County Fire Department is self-insured for workers compensation and dental coverage. Appropriations and expenditures for these line items are shown in the Internal Service Fund.

Funding from Member Agencies

| | Adopted FY17/18 | % Share of | % increase |
|--------------|-----------------------|--------------------|-----------------|
| | FY17/18 Funding to | FY 17/18 Budget | FY17/18 over |
| | CCFD | Duuger | FY16/17 |
| Burlingame | \$10,056,780 | 43% | -3% |
| Hillsborough | \$6,704,520 | 29% | -3% |
| Millbrae | \$6,375,229 | 28% | 2% |
| Total | \$23,136,530 | 100% | -2% |

The adopted FY17/18 funding for the CCFD operations reflects a significant decrease in workers' compensation funding resulting in a decrease of 2% from FY16/17 projected budget. Funding for the fire operations comes from the City of Burlingame, Town of Hillsborough, and City of Millbrae.

SPECIAL REVENUE - JOINT TRAINING PROGRAM FUND

This fund accounts for the operations of a joint Training and Emergency Medical Services (EMS) program that includes administrative support for six fire agencies. The program costs are allocated among the participating agencies based on the number of engine companies and number of personnel each agency provides to the program.

INTERNAL SERVICE FUND – WORKERS COMPENSATION AND DENTAL INSURANCE

Central County Fire Department is self-insured for dental coverage for safety employees and workers compensation for claims up to \$250,000 per occurrence. This fund accounts for the accumulation of monies through departmental charges to pay for costs related to these two programs. Workers compensation excess coverage is through the California State Association of Counties Excess Insurance Authority (CSAC-EIA) Joint Powers Authority.

The targeted level of funding for Workers Compensation reserves is at a 70% confidence level of actuarial estimated outstanding losses. The FY 2017-2018 budget reflects a \$4.8 million reserve using the latest actuarial valuation completed in January 2017. The over funded status will be closer to 100% in the next fiscal year based on outstanding loss projections.

Program Descriptions and Organizational Performance

Administration

Prevention and Emergency Preparedness

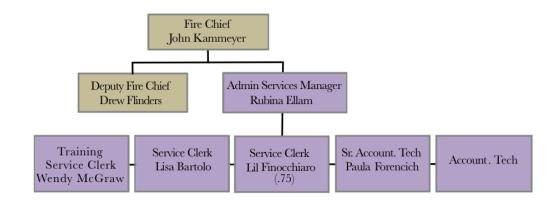

Suppression

Training and EMS

ADMINISTRATION

MISSION

The primary mission of the Administrative Division is to create an environment that fosters a collaborative, proactive approach to planning for fire operations that serve the needs of the City of Burlingame, Town of Hillsborough and City of Millbrae.

PROGRAM FUNCTIONS

- Develop a long-range plan for the department based upon evolving administrative and financial conditions.
- Keep Fire Board, City Managers and Councils of the partner cities and participating agencies informed of service level best practices that CCFD is considering.
- Actively pursue shared resource opportunities between cities and allied agencies to maximize the effectiveness and efficiency of CCFDs service delivery.
- Analyze and plan for the department's capital and personnel needs based upon budget cycle.
- Keep current on legislation that affects fire-related services.
- Seek out and consider cost-effective innovations in equipment purchasing and methodologies.

KEY PROGRAM GOALS/STRATEGIES FOR FISCAL YEAR 2017/18

- Develop a two to five-year Succession Plan
- Hire Account Technician to assist with accounting and budget functions
- Create a social media strategic plan and committee
- Develop and implement financial policies
- Provide a needs assessment and impact for electronic and credit card payment for customer services

ADMINISTRATION

SIGNIFICANT BUDGET CHANGES

Fiscal year 2016/17 was a pivotal year for Central County Fire Department (CCFD) as we brought Worker's Compensation costs under control, hired and promoted key positions, adjusted to an unexpected loss in the Mechanics Division, responded to the inspection demands of a growing community, and continued to update our aging fleet. Above all, we held the standard of excellence in fire service that our community expects and deserves. In FY 2017/18, we will continue to set and meet these high expectations, as the direction given by our Board of Directors is clear; innovate and encourage the best service possible with fiscal responsibility. As we move into the phase of hiring firefighter/paramedics and promoting officers in response to extensive retirements over the next few years, we will carry forth the tradition of service, pride, and honor into the next generation. Summaries of what to expect in FY 2017/18 are outlined below by area of focus in CCFD.

Our goal of reducing the impact of Worker's Compensation through careful management has led to lower costs. We were informed by our carrier that we are now in line with and in some cases better than the industry average. We subsequently requested an updated actuarial for Worker's Compensation liability reserves, which revealed impressive news that our funding levels have dropped and that CCFD could possibly be fully funded by the end of FY 2016/17. That is a full three years ahead of schedule. I attribute this success to the diligence of CCFD personnel and the vigilance on this issue created by our Administration.

CCFD will continue to pay down Other Post-Employment Benefits (OPEB), as defined by our 2014 actuarial and we are forecasting for the coming PERS decreases in the discount rate. Therefore, we expect steep PERS rate increases for three years beginning in FY 2018/19.

CCFD made key promotions in FY 2016/17, including Training Division Chief and two Captains. These promotions will play a key role in our succession planning as the department sees a 40% turnover in the next five years. We have also highlighted the priority of training new personnel such that we establish a solid foundation of skills and ingrain our standards of excellence. This focus requires significant time and effort by CCFD senior personnel and officers, but will result in a new generation of CCFD that continues to uphold the level of service expected by our community.

In FY 2016/17 CCFD began the process of replacing our fleet of fire engines. New engines that were purchased in FY 2015/16 and FY 2016/7 are now built. FY 2017/18 will see these engines placed into service. The trickle-down effect means our reserve fleet will be replaced with more reliable apparatus. In FY 2017/18 we will purchase a Command Vehicle that will be utilized by CCFD Battalion Chiefs. We can expect to see the budget impact of replacing the fleet over the next four years as we continue this process.

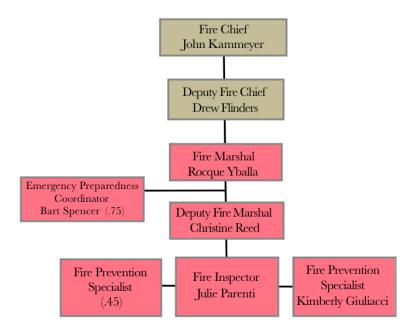

PRIOR PERIOD'S MAJOR ACCOMPLISHMENTS

- Completed recruitment of three new firefighters
- Promoted two Company Officers
- Promoted one Division Chief
- Developed new fee schedule
- Implemented new payroll software
- Completed negotiations with Fire and Fire Administrators units

PREVENTION AND EMERGECNY PREPAREDNESS

MISSION

The mission of the Prevention and Emergency Preparedness Division is to manage and provide resources to assist in delivery of the Department's mandated fire code enforcement and to work towards emergency preparedness of the community.

PROGRAM FUNCTIONS

- Maintain an ongoing fire prevention program, fire investigation, and hazardous materials program.
- Review plans and inspect new construction projects for compliance with applicable codes and ordinances.
- Provide annual training and coordination for staff and community on emergency preparedness and response and recovery, working closely with the Emergency Preparedness Coordinator.
- Maintain the Emergency Operations Center (EOC) in a state of readiness.

KEY PROGRAM GOALS/STRATEGIES FOR FISCAL YEAR 2017/18

- Hire an additional fire prevention specialist position (part-time) to assist with engine company inspection program and other related fire prevention duties related to the job specification.
- Research and recommend for implementation an electronic inspection programs for annual, company, business license, inspections.
- Implement the use of Millbrae's new software for construction, code enforcement, and business license tracking.
- Implement a Fall Prevention Public Education Program throughout all three cities.
- Conduct a threat assessment to identify Cyber Terrorism targets within the City of Burlingame and the Town of Hillsborough for updating the Local Hazard Mitigation Plan.
- Increase Deputy Fire Marshal exposure to Emergency Management Program and responsibilities.

PREVENTION AND EMERGECNY PREPAREDNESS

SIGNIFICANT BUDGET CHANGES

As CCFD continues to evolve through attrition and manage the increase of probationary firefighters; CCFD is seeking to employ a part-time fire prevention specialist to take over specific fire company assigned inspections. Additionally, the part-time position can further assist with the public education services impacted by the increase in construction inspections across the region.

With the CCFD's switch to independent networking and IT solutions, the department will now transition to new software for the tracking of inspections utilizing the software which records the department's incident records management system. This system was purchased with last year's budget. Additionally, the records management system for new construction inspections and business license inspections in the City of Millbrae was purchased last year by the City of Millbrae but the department will start utilizing the software sometime around August of 2017.

The Fall Prevention Program is a new program we are offering this year. The intent is to augment our existing public education program with introduction of our Fall Prevention Program. The program hopes to reduce the number of EMS calls associated with preventable fall occurrences within are vulnerable population. The program will include courtesy inspection, flyers, public service announcements, and coordination with other stakeholders in the area. Another impact to our public education program is the re-introduction of the Junior Fire Marshal Program with the City of Millbrae. This program in particular is specified in our service contract with the City of Millbrae.

PRIOR PERIOD'S MAJOR ACCOMPLISHMENTS

- Assisted in the creation of policies & procedures for construction permitting & inspections in Millbrae including modifying some changes by ordinances to ensure consistent reviews.
- Reprioritized & established inspections based on target hazards, created revenue stream for cost recovery specific to fire prevention specialist position.
- Adopted the 2015 International Code Council series as adopted by the state of California in 2016 effective January 1st, 2017.
- Expanded Fire Public Education/Community Risk Reduction for non-English speaking population by incorporating written Chinese public educational materials.
- Relocated Prevention & Preparedness Division to main Fire Administration building.
- Updating Emergency Operations Plans for the City of Burlingame and the Town of Hillsborough, first draft for adoption is scheduled May 1st, 2017.

SUPPRESSION

MISSION

The mission of the suppression division is to effectively respond to and mitigate emergency and non-emergency incidents.

PROGRAM FUNCTIONS

- Respond safely to all emergencies and take appropriate actions to reduce loss of life, property and environmental.
- Effectuate safe operations for personnel and citizens on all incidents.
- Participate in ongoing fire and life safety, public education, community training.
- Provide fire prevention inspections and pre-fire planning to all commercial, business, multi-residential and high rise locations.
- Maintain a professional level of operational readiness as Firefighters, Paramedics, Emergency Medical Technicians, Hazardous Materials First-Responders, Hazardous Materials Technicians and Rescuers.

KEY PROGRAM GOALS/STRATEGIES FOR FISCAL YEAR 2017/18

- Create and implement Standard Operating Procedures
- Establish a promotional process and eligibility list for Company Officer
- Establish a promotional process and eligibility list for Battalion Chief
- Provide guidance, training and testing for probationary employees

SUPPRESSION

PRIOR PERIOD'S MAJOR ACCOMPLISHMENTS

- Determined and implemented industry best practices.
- Developed succession plan for short and long-term anticipated vacancies.
- Developed and implemented a robust training program for training for new Firefighters and Captains.
- Provided for leadership training to all new and existing supervisors.
- Ensured familiarity with all jurisdictions with all personnel

PERFORMANCE/WORKLOAD MEASURES

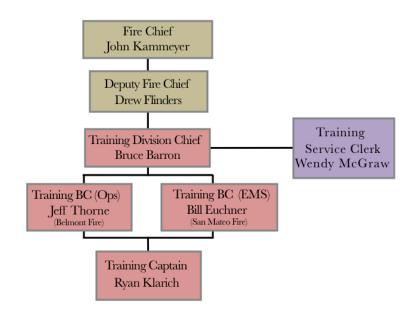

| | <u>2015</u> | <u>2016</u> | <u>2017</u> to 2/28/17 |
|---|-------------|-------------|---------------------------|
| Percent of time a first in fire engine arrives on a structure fire scene within six | | | |
| minutes of dispatch | 100% | 100% | 100% |
| Priority 1 (emergency response calls) | <6:59 | <6:59 | <6:59 |
| Priority 3 (non-emergency response calls) | <6:59 | <6:59 | <6:59 |
| All calls for service | <6:59 | <6:59 | <6:59 |

| Medical responses | 3,389 | 3,791 | 751 |
| Fire suppression responses | 167 | 114 | 10 |
| Hazardous conditions responses | 524 | 175 | 51 |
| Other responses | 1,867 | 1,966 | 457 |
| SPECIAL EVENTS: | | | |
| Fund raising events conducted by off-duty firefighters | 3 | 3 | 3 |

SUPPRESSION

TRAINING AND EMERGENCY MEDICAL SERVICES (EMS)

MISSION

The primary mission of the Training and EMS Division is to provide annual training for all fire personnel in all areas of fire suppression and EMS.

PROGRAM FUNCTIONS

- Provide annual mandated and continuing education to all personnel through a shared Training and EMS program.
- Ensure all training and certifications received by personnel are documented.
- Ensure standardized operations within the central area of San Mateo County fire agencies through ongoing training and evaluation.
- Ensure that all personnel receive all mandated local, State and/or Federal emergency medical services training.
- Provide representation to the participating agencies' EMS interests within the San Mateo County EMS system.
- Provide career development guidance and support.

TRAINING AND EMERGENCY MEDICAL SERVICES (EMS)

KEY PROGRAM GOALS/STRATEGIES FOR FISCAL YEAR 2017/18

- Establish a strategic training plan
- Provide "Back to Basics" fire ground training
- Maintain and improve existing Training Sites
- Develop Feasibility study and needs assessment for purchase of live fire burn container and, or Vent Fire Prop
- Provide for Emergency Vehicle Operations training
- Host Strike Team Leader and Company/Chief Officer State Certification classes
- Maintain all mandated emergency medical certifications for paramedics and EMTs
- Assist with Spring BFD/FCFD/SMFD in-house fire Academy
- Seek grant opportunities for training and equipment replacement
- Coordinate Fall 2017 San Mateo County Recruit Academy

SIGNIFICANT BUDGET CHANGE

The Division's budget has experienced modest increases in FY 2017/18. Additionally, cost sharing formulas for participating agencies that host a division position have increased as projected by 5% each year. The projected increases are to reach a goal of funding Training Division hosted positions at full salary recovery in FY 2017/18. In FY 2017/18 the Joint Training agreement will be reviewed and updated to reflect changes within the training division.

PRIOR PERIOD'S MAJOR ACCOMPLISHMENTS

- Successfully relocated Training Division offices and classroom to Station 37
- Coordinated the San Mateo County Fire Recruit Academy for 29 recruits, including three CCFD recruits
- Administered Probationary Testing for 4 CCFD Personnel.
- Conducted Promotional Examination for Training Battalion Chief and Division Chief
- Assisted in development and implementation of Probationary Training Programs
- Advanced Pediatric Training in conjunction with Lucile Packard
- Live Fire Night Drill for all personnel
- Continued Long-Term Succession Plan for Training Division
- Provided Annual State and County Required Training
- Participated in Joint San Mateo County Wildland exercise in three county zones

PERFORMANCE/WORKLOAD MEASURES

| | <u>2015</u> <u>Actual</u> | <u>2016</u> <u>Actual</u> | <u>2017</u> <u>To 2/28/17</u> |
|--|------------------------------|------------------------------|----------------------------------|
| Complete required annual continuing education training for all | 1,845 | 1,127 | 188 |
| paramedics and Emergency Medical Technicians (EMTs) | | | |
| Training hours completed | 2989 | 2549 | 814 |
| Driver training hours | 1,322 | 1,232 | 394 |
| EMS training hours | 1,845 | 1,127 | 188 |

Miscellaneous Programs

Shared Services

MERGED SERVICES WITH OTHER JURISDICTIONS

Central County Fire Department (CCFD) is party to various agreements that enable an increased level of service and cost efficiencies.

California Urban Search and Rescue Task Force #3

This program is managed by the Menlo Park Fire Protection District. It is part of the Federal Emergency Management Agency's (FEMA) national response plan. CCFD personnel participate in training provided by this program that has allowed for increased knowledge base and expertise. This program also supports the knowledge and skill level need for CCFD's Special Operations program. CCFD has participated in this program since the early 1990's. CCFD is reimbursed for personnel responses when the team is activated as well as costs associated with certain training exercises.

San Mateo County Pre-Hospital Emergency Medical Services Advanced Life Support (ALS) Joint Powers Agreement (JPA)

Beginning in 1999 CCFD has participated in the county-wide ALS program that provides paramedic first response and emergency transportation services. Partners in the joint powers agreement include San Mateo County EMS, the private ambulance provider, American Medical Response (AMR) and all 13 San Mateo County fire agencies. Each agency receives reimbursement for their services through the County (approximately \$20,000 per engine after dispatch costs).

San Mateo County Public Safety Communication (PSC)

Located in Redwood City, PSC serves as joint dispatch center for all fire agencies, ambulances and several law agencies in the county. It provides dispatch the closest resources to incidents as directed by the San Mateo County ALS-JPA Automatic Aid Agreement. The result is seamless response, more coordinated efforts to major incidents, and cross-jurisdictional support without the time delays on mutual aid requests. PSC costs for dispatch services are deducted from the ALS program revenues before distribution.

San Mateo County Recruit Academy

All fire agencies in San Mateo County participate in a standardized Fire Academy Program for new recruits. CCFD's Joint Training Division oversees and facilitates with participating agencies to support the academy.

Mechanic Shop Services

In addition to providing service to CCFD's fleet, the mechanic shop continues to provide apparatus maintenance to Belmont, San Bruno and San Mateo Fire Departments.

Special Operations

This is a partnership with San Mateo Fire Department to provide local USAR capabilities independent of Task Force 3 discussed above. Grant funding opportunities have allowed for CCFD to provide for apparatus, equipment and training. To participate in this program personnel are required to become trained in the specialties of trench, confined space, and high and low-angle rescue. The State of California recognizes the training and resources that CCFD has acquired and has declared CCFD's program a TypeI Heavy Rescue approved for state-wide deployment. This is a unique distinction and the only one of its kind in San Mateo County.

MERGED SERVICES WITH OTHER JURISDICTIONS

Tactical Emergency Medical Services Team

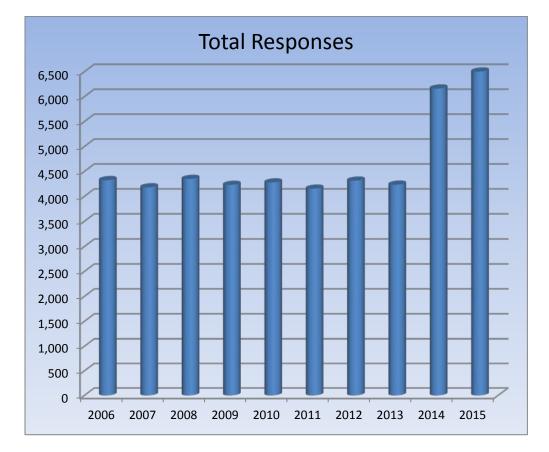

CCFD has taken the lead role in this joint San Mateo County Tactical Medic program that is staffed by personnel from San Mateo County Fire agencies and American Medical Response. The Tactical Paramedics support San Mateo County law enforcement Special Weapons And Tactics (SWAT) teams. Tactical Medic's first priority is the safety of all officer's as well as citizens who may have fallen in harm's way due to someone's actions. CCFD has 5 participating members that make up the team and commit 144 hours each of training per year.

BUDGET RESOLUTION

RESOLUTION NO. 17-05

RESOLUTION OF THE BOARD OF DIRECTORS OF THE CENTRAL COUNTY FIRE DEPARTMENT ADOPTING THE BUDGET FOR FISCAL YEAR 17/18

RESOLVED, by the Board of Directors of the Central County Fire Department, County of San Mateo, State of California that,

WHEREAS, the Joint Powers Agreement establishing the Central County Fire Department became effective April 20, 2004; and

WHEREAS, Section 16.1 of the Joint Powers Agreement requires that the Department adopt a budget for maintenance and operation costs and costs of special services in time to allow approval by the Member Agencies prior to June 30th of each year; and

WHEREAS, the budget for fiscal year 17/18 has been prepared and reviewed by staff and

WHEREAS, the budget for Central County Fire Department operations has been submitted and reviewed by the Board of Directors.

NOW THEREFORE, BE IT FURTHER RESOLVED that the Board of Directors of the Central County Fire Department adopts the submitted budget for the operations of the Central County Fire Department for fiscal year 17/18.

| General Fund | \$24,271,984 |
|---|--------------|
| Joint Training Program Fund | 256,000 |
| Capital Project Fund | 100,000 |
| Sub-total | \$24,627,984 |
| Internal Service Fund – Insurance | 1,665,699 |
| Internal Service Fund – Vehicle Replacement | 272,758 |
| GRAND TOTAL | \$26,566,441 |

Approved at a regular meeting of the Board of Directors at Hillsborough, CA this 12th day of April, 2017.

| Signed: Mr. Kerey |

BUDGET TERMS

Accrual Basis of Accounting. Method of accounting that recognizes the financial effect of transactions, events, and interfund activities when they occur, regardless of the timing of related cash flows.

Appropriation. An authorization made by the Board that permits the Department to incur obligations and to make expenditures of resources.

Assessed Valuation. A value established for real property for use as a basis in levying property taxes. In California, assessed value is established by the County for the secured and unsecured property tax rolls while the utility property tax roll is valued by the State Board of Equalization. Under Article XIII of the State Constitution (Proposition 13 adopted by the voters on June 6, 1978), properties are assessed at 100% of full value and property taxes for general purposes cannot exceed 1% of assessed value. This law rolled back values for fiscal 1979 to fiscal 1976 levels and limits increases to a maximum of 2% per year. However, increases to full value are allowed for property improvements or upon change in ownership. Personal property is subject to annual reappraisal.

Audit. Prepared by an independent certified public account (CPA). An audit's primary objective is to determine if the Department's financial statements fairly present its financial position and results of operations in conformity with generally accepted accounting principles. In conjunction with performing an audit, independent auditors normally issue a Management Letter stating the adequacy of the Department's internal controls as well as recommending improvements to its financial management practices.

Balanced Budget. A balanced budget in the general fund requires operating revenues to fully cover operating expenditures, including debt service except reserves can be used to fund capital improvement plan projects, or other "one-time" non-recurring expenditures.

A balanced budget for all other governmental funds requires that resources including available individual fund balances, fully cover operating expenditures.

Budget. A financial plan for a specified period of time that matches projected revenues and planned expenditures for fire operations.

Budget Amendment. Pursuant to the Department's budget and fiscal policies, the Board may amend or supplement the budget at any time after it is adopted by majority vote of the members. The Administrative Officer may make administrative adjustments to the budget as long as those changes will not have a significant policy impact nor affect budgeted year-end fund balances.

Budget Message. Included in the Introduction Section of the budget document, it provides the Board and the public with a general summary of the most important aspects of the budget, changes from previous fiscal years, and the views and recommendations of the Fire Chief.

Budget and Fiscal Policies. General and specific guidelines adopted by the Department that govern budget preparation and administration.

Capital Projects Fund. This fund is used to account for financial resources used in acquiring, building or renovating major capital facilities.

Cash Basis of Accounting. Basis of accounting that recognizes transactions or events when related cash amounts are received or disbursed.

Department Goals. Provides policy guidance and direction for the objectives to be accomplished during a budget period.

Consumer Price Index (CPI). A measure of inflation in area of consumer products.

Cost-reimbursement Basis. Setting of charges so that costs are systematically recovered on a break-even basis over time.

Department. A major organizational unit of the Department that has been assigned overall management responsibility for an operation or a group of related operations within a functional area.

Expenditure. The outflow of funds paid or to be paid for an asset, goods or services regardless of when the invoice is actually paid. This term applies to all funds.

Expenditure Savings. Under the Department's budgeting procedures, staffing cost projections are based on all positions being filled throughout the year. Cost projections for major supply purchases and service contracts are projected on a similar basis. However, costs may be less, due to vacancies and purchase cost-savings. Past experience indicates that actual expenditures are likely to be less than budgeted amounts, due in large part to this costing methodology.

Fiscal Year. The beginning and ending period for recording financial transactions. The Department's fiscal year covers the period from July 1 to June 30.

Fixed Assets. Assets of long-term nature such as land, buildings, machinery furniture and other equipment. The Department has defined such assets as those with an expected life in excess of one year and an acquisition cost in excess of \$2,000.

Fund. Fiscal and accounting entity with a self-balancing set of accounts that are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The four general fund types used by the Department are: General Fund, Special Revenue, Capital Project and the Internal Service Funds.

Fund Balance. Fund balance is the excess of a fund's assets over its liabilities in a governmental fund while **Net Assets** is the equity associated with the general government's assets and liabilities.

General Fund. The primary operating fund of the Department, all resources that are not accounted for and reported in another fund. Except for subvention or grant revenues restricted for specific uses, General Fund resources can be utilized for any legitimate governmental purpose. (See Fund)

Generally Accepted Accounting Principles (GAAP). Conventions, rules, and procedures that serve as the norm for the fair presentation of financial statements.

Goal. A statement of broad direction, purpose or intent.

Governmental Accounting Standards Board (GASB). Ultimate authoritative accounting and financial reporting standard-setting body for state and local governments.

Governmental Funds. Funds generally used to account for general revenue activities. The Department has three governmental funds: the general fund, special revenue fund and the capital projects fund.

Interfund Transfers. Flows of assets (such as cash or goods) between funds without equivalent flows of assets in return and without a requirement for repayment.

Internal Control. Integrated set of policies and procedures designed to assist management to achieve its goals and objectives. A government's internal control framework must (a) provide a favorable control environment, (b) provide for the continuing assessment of risk, (c) provide for the design, implementation, and maintenance of effective control-related policies and procedures, (d) provide for the effective communication of information, and (e) provide for the ongoing monitoring of the effectiveness of control-related policies and procedures as well as the resolution of potential problems identified by controls.

Internal Service Fund. This fund is used to report any activity that provides goods or services to other funds and departments. The Department uses this fund to account for activities related self-insured programs including workers compensation and dental program for fire safety personnel.

Legal Level of Budgetary Control. Level at which the department's management may not reallocate resources without special approval from the Board.

Line-Item Budget. A budget that lists detailed expenditure categories (Salaries, Postage, Utilities, Travel, etc.) separately, along with the amount budgeted for each specified category. The Department presents a program budget in the main budget document as well as a detail line-item budget in the Appendix for use of the departments. The line-item budget is maintained and recorded for financial reporting and control purposes.

Modified Accrual Basis of Accounting. Basis of accounting used in conjunction with the current financial resources measurement focus that modifies the accrual basis of accounting in two important ways 1) revenues are not recognized until they are measurable and available, and 2) expenditures are recognized in the period in which governments in general normally liquidate the related liability rather than when that liability is first incurred (if earlier).

Objective. A statement of specific direction, purpose, or intent based on the needs of the community and the goals established for a specific program.

Operating Budget. The portion of the budget that pertains to daily operations and delivery of basic governmental services.

Other Post Employment Benefits (OPEB). Post employment benefits other than pension benefits. Other post employment benefits include healthcare benefits and all post employment benefits provided separately from a pension plan, excluding benefits defined as termination offers and benefits.

Reserve. An account used to indicate that a portion of the fund balance is legally restricted for a specific purpose and is, therefore, not available for general appropriation.

Special Revenue Fund. This fund type is used to account for the proceeds from specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes. (See fund)
