

# Fire Prevention Week 2021: Create A Fire Safety Drawing!

## GUIDELINES FOR TEACHERS & PRINCIPALS

It's that time of year again when Central County Fire Department honors National Fire Prevention Week during the month of October. The year's theme is, "*Learn the Sounds of Fire Safety.*" The campaign focuses on the importance of working smoke alarms and carbon monoxide detectors in your home.

### The Scoop:

- Open to all students in Kindergarten through 5<sup>th</sup> grade.
- Drawing must illustrate a fire safety theme.
- Team artists or individual artists are allowed on each drawing.
- Please include student's first name, grade, school and teacher's name.

### Social Media Posting:

- Please email your drawings to Darrick Figg at [dfigg@ccfd.org](mailto:dfigg@ccfd.org) throughout the month of October so we may review and post on our social media platforms.
- Please list the school, teachers name, and students name. (As a level of privacy, displayed drawings will not contain the student's on our social media pages.)

### Drawing Theme Ideas:

Check your smoke alarms

Never leave the kitchen when cooking

Cool a burn

Have a family meeting place

Practice your family escape plan

Crawl low under smoke

Check your carbon monoxide detectors

Fire sprinklers save lives

Never leave a burning candle unattended

Stop, Drop and Roll

If a smoke alarm sounds, get out and stay out!

Fire is a tool, not a toy

**Good luck to all the artists!**
