Fire Prevention Week 2022: Lesson Ideas for 1st – 3rd Grade

For Schools

Lesson ideas for 1-3 graders:

Follow the links below to watch The Safety Patrol sound off about safety in the home. These three **video** lessons discuss the importance of developing a home fire escape map, finding fire dangers within our homes and sounds our smoke alarms make.

Activity lessons for 1-3 graders:

Click the images below to download the activities highlighted in the videos. These activities support the messaging in the videos with fun fire safety exercises and worksheets.

For Home

Parent/Student Tool Kit for home safety lessons and activities:

Every family should have a Fire Safety Action Plan. Follow this activity at home discussing the opportunities to make your home safe as well as developing a family escape plan to use should a fire occur.

Download and develop your [Family Action Plan](#)

Make and practice a family escape plan. Once you've practiced your escape plan during the day and you want a greater challenge, plan your escape and safely practice without the lights on. I recommend installing plug in lights along your hallways, in your bedrooms and near the exit doors of your home.

Download the [Home Fire Escape Grid](#)

Download and practice with these [Fire Safety Activity Cards](#)

Keep the Kids Busy with Fun Fire Safety Activities

Going out for dinner as a family? Instead of bringing out the phones or tablets, print this activity sheet and bring it with you, spend this time discussing fire safety while waiting for dinner by having fun working as a family to solve the puzzles and completing the activities.
